

# COME IN TO HELP PREVENT WHOOPIING COUGH, TETANUS, AND DIPHTHERIA

At **[Retailer]**, we want to make it as easy as possible for you to stay healthy and vaccinated against disease. That's why we're providing immunizations, right in our pharmacy.

If you are pregnant, have never received the Tdap vaccine, or have close contact with a baby and have never received the Tdap vaccine — Tdap may be right for you.

*Tdap helps protect you against:*

- Pertussis (Whooping Cough)
- Tetanus
- Diphtheria

## COME IN TODAY

TO TALK TO OUR PHARMACISTS AND LEARN IF  
THE TDAP VACCINE IS RIGHT FOR YOU!
